

PICK AND MIX

Create your own bespoke residential which is tailored for you and your group. We provide high quality, educational and safe adventure courses at an affordable cost.

You can pick and mix from a range of options to build your own package. Whether you require a fully catered residential and transport or need support with equipment or specialist staff and expertise, we can meet your requirements.

We can also provide varying levels of support to help you deliver the Duke of Edinburgh's Award - skills training, expedition support or an assessor.

After spending years with off the peg residential courses, we finally found what we were looking for with Real Adventure. The chance to really tailor the course to suit our needs and experiences, the ability to spend a long day doing something challenging and worthwhile, not worrying about exceeding the 2.5 hour session time.
